

MC-6ABC

6 Button Colour Multi Apartment Panel

The MC-6ABC color outdoor lobby phone systems are the latest advanced yet easy to install lobby phone systems from MICE. The adjustable onboard 1/3" High Res Sony CCD Camera together with the powerful built-in IR LED's can see in total darkness up to 92° wide angle view. The system can consist of up to 40 apartments (by adding expanders) with two individual Lobby Phone Entrance Cameras and with up to three indoor monitors / handset per apartment. These have a choice of different styles of monitors and optional memory for photo/video with time and date stamp. The entire elegant MICE range of monitors is fitted with door release button and carries a two year warranty.
